

WEST COAST  
HORSEBACK  
EXPERIENCE

DAY PACKAGE TOUR

## SUMMARY

Set out in the early morning from Cape Town as your private transfer awaits to drive you to the quaint coastal town of Yzerfontein on the Cape West Coast.

Upon your arrival, there will be a briefing and an introduction to your horse, followed by the commencement of the tour. You will have the option to tailor your experience to your liking: either embark on a horseback ride along the untouched, powdery white beaches (please note that beach rides are only available during low tide) or embark on a safari trail to spot local wildlife. Your knowledgeable guide will provide insights about the native plant and animal species, highlighting captivating wildlife encounters throughout the journey.

Following your horseback ride, we will journey to a nearby wine estate within the region. Here, you'll have the chance to indulge in a platter and wine tastings featuring exquisite wines nurtured amidst the refreshing climatic conditions of the West Coast.

After a fantastic West Coast day, we head back to Cape Town.
